Ltd. on a single nominated source for various Logistic activities including Freight Forwarding for Import & Export, Customs House Agent (CHA) & Inland transportation.	Non-Project
2	24/INDK/14	19-May-25	Indigenisation of Underwater Locator Beacon (ULB) Battery, P/N: I3323001 under Make-I policy.	M/s Indian Institute of Technology (IIT), BHU, Varanasi, UP	a) The Indigenization of ULB battery was hosted on Srijan Portal (ID:PRO58851), but no vendor had shown interest. Further, EOI for Indigenisation of ULB battery under Make-II was uploaded on e-portal of HAL but, no vendor had shown its interest. b) Possibility of Indigenization of ULB battery by PSU/private vendors i.e., M/s BEL, Pune, M/s HBL Power System Limited, Hyderabad & M/s High Energy Batteries (India) Ltd, TN & others were explored but they regretted it. c) Later on, M/s IIT BHU Varanasi a premier research institute under MHRD (Ministry of Human Resource Development), Government of India, an academia but having capability of developing similar projects. Hence indigenization team visited IIT BHU Varanasi and detailed discussion were held with M/s IIT-BHU wr.t. RCMA approved Technical Specification of ULB battery. M/s IIT BHU agreed for indigenization of ULB battery through reverse engineering. In view of the above & the requirement is for Indigenization of ULB Battery for mitigating the import substitution, potential obsolescence, strategic reasons,shipping constraints towards foreign supply, Hence, M/s IIT-BHU, Varanasi being the Government Institute under MHRD is identified as a development agency (DA) for indigenization of ULB Battery on single tender/nomination basis (.Rs. 1039.61 Lakhs (D&D Phase: Rs.326.86 + Production Phase: Rs.712.75)	Indigenization

The outcome of the study. M/s IITM vide email dated 20/09/2024 has confirmed that "It is feasible for IIT-M to take up the project for miniaturization and miniaturization of GHE-GSE required for UHM project". Based on the outcome of the study, HAL team considering the critical parameters in development and the prevailing MOU signed between HAL, Bangalore and IITM-C has taken up with IITM Chennai for the development of GHE-GSE on single tender basis	UHM
9	NK/FW/C- 1581B /2024-25	23-05-2025	MODIFICATION/ REPAIR WORKS (CIVIL) IN LCA HANGER IN HAL,NASHIK FACTORY	M/s KN Rai, Mumbai	This is 3rd time Tender due to repetitive poor responses and to go for Re-tendering activity again would be consumed more than two months' time. Re-tendering has costs: firstly, the actual costs of re tendering: secondly the delay in execution of the work with consequent delay in the attainment of the purpose for which the procurement is being done; and thirdly the possibility that the re tender may result in a higher cost. Requirement of civil related modification /repair works for LCA hanger was an urgent need for manufacturing of new line of LCA at Nasik .	LCA

14	HBS/25URI-1001-48	16-04-2025	CNC VERTICAL TURRET LATHE	HMT MACHINE TOOLS LIMITED, BANGALORE,INDIA	Provisioning approval and Tender (RFQ) was issued for 2 nos. (1 no. – 105 ROH Budget and 1 no. – capital budget) of CNC VTL machines. PO was placed on M/s. HMT Machine Tools in Oct[1]2024, for only 1 VTL provisioned under the capital budget considering the validity of timeline for 105 ROH augmentation budget. On placement of PO, the Tender floated in GEM was closed automatically and there was no feasibility to place order for the remaining VTL. Hence the additional VTL is proposed to be procured through referral order after receipt of approval for timeline extension, as per Para 7.6 of Purchase Manual. The proposed VTL is a large scale machine and critical in nature. Lead time required for completion of procurement through regular tendering processes, installation and commissioning will not be sufficient considering that, the validity of fund under 105 ROH augmentation is up to Feb'26. 34	7940F1289	17-04-2025	FULL LENGTH CARBIDE SHOE	M/s. BELL TEXTRON INC., USA	An RFI was posted in HAL website to gather information on carbide wear plates for two Helicopter sets. Two vendors, MIs Bell Aeronautical Accessories, USA and MIs DART Aerospace, CANADA responded. Subsequently, an RFQ was floated in GeM portal on 25/04/2024 with due date as 16/05/2024 for submission of bids. Nil response received from vendors. An RFQ was floated again in GeM portal inviting bids from vendors with a due date as 06/07/2024. Nil responses received from vendors. Use of proposed carbide wear plates is limited to H-V diagram assessment flights only. Both the vendors have the product that meets HAL Technical requirements. However, to meet the committed time lines towards completion of H-V flights, it is proposed to procure Carbide wear plates from Mis Bell Aeronautical Accessories on single tender nomination basis as the BQ and Lead time is less compared to Mis DART Aerospace, to meet the emergent requirement of 2 sets.
